## ANNUAL REPORT OF THE TRUSTEES OF THE EPSOM PUBLIC LIBRARY

The Trustees appreciate gifts of magazines and books added to the library during 1935 and wish to thank all those who so generously cooperated with the librarian in making our library more efficient, attractive and valuable for reference material as well as instructive and interesting reading matter.

We appreciate the efforts of the president and members of the Epsom Womans Club in cooperation with Prof. Clapp of the University of N. H., at Durham and our librarian in arranging plans for beautifying the grounds, planting shrubbery, laying out driveway and walk, which we hope will be completed this spring.

Arrangements are complete to have the lawn mowed weekly this year. Many minor repairs were accomplished to the building during the fall by the custodian which helps to keep our fine building in good condition.

Respectfully submitted,

GEORGE G. RING,  
MARGERY C. YEATON,  
FLORENCE L. YEATON,  
Trustees.

### Report of Librarian

To the Board of Trustees of the Epsom Public Library :

The librarian respectfully submits the following report concerning the service of the library :

<hr/>	
Total circulation	8,269

The circulation for the year has been 8,269 volumes of which 1,494 were from the branch at New Rye.

Early in the year the librarian was granted a six months leave of absence, for work with the University of New Hampshire Extension Service. During her absence Miss Marjorie Yeaton served most efficiently as librarian, assisted by Miss Barbara Skinner.

At the request of the teachers in the Gossville, Center and New Rye schools small libraries, containing from 30 to 50 books have been placed in these schools to supplement the childrens' reading. These collections are changed about every three months. This is a valuable service to the children, especially to those children who do not have easy access to the library, and a service the teachers appreciate.

The librarian attended the Neighborhood meetings for librarians and trustees held at Pittsfield, June 7.

A suggested purchasing list has been kept and the librarian expresses appreciation for the interest and help given in book selection. Leading events in current news have been noticed by appropriate exhibits of books and pictures displayed in the library.

To the New Hampshire Public Library Commission, the State Library, the Board of Trustees of the Epsom Public Library, and to the substitute librarian, the librarian returns grateful acknowledgment for counsel and interest in the library activities.

Respectfully submitted,

LAURA Y. BICKORD,

Librarian.

## REPORT OF TREASURER OF OLD HOME WEEK ASSOCIATION

Old Home Week was opened with an open air service at Webster Park, Sunday afternoon, August 18. The speaker was Rev. Harold J. Wilson of Portsmouth.

Old Home Day was observed Wednesday, August 21, at Webster Park, when more than 600 people enjoyed the various features. Ralph E. Towle of Pelham, N. Y., was the speaker of the day, giving reminiscences of his boyhood days in Epsom.

The days' activities opened with children's sports and a pet show in the morning followed by a series of folk dances given by a group of young people. Music was furnished by the Epsom band and a mixed chorus sang a group of old-time songs. A color guard from Wolf patrol, Boy Scouts, of New Rye, raised the flag as the band played the national anthem.

A baseball game between a team from Epsom and one with players from Lakeport and Gilford closed the afternoon's program.

More than 300 people crowded Odd Fellow's Hall to enjoy the comedy, which was given by local talent in the evening.

One hundred twenty-five townspeople served on the various committees and assisted with the program. The invitation committee sent 180 cards to former residents inviting them to return for the celebration.

Respectfully submitted,

LAURA Y. BICKFORD, Pres.

VERNA O. HUNT, Sec.

**REPORT OF THE SUPERINTENDENT OF SCHOOLS**

To the School Board and Citizens:

Entering upon my duties as Superintendent of the Epsom schools, I find a community intensely interested in its schools, devoted teachers, an efficient School Board, and pupils for the most part eager to learn. The faithful work of former superintendents is plainly evident. Enough room remains for further progress, however, to constitute a challenge toward improvement along the lines of educational ideals. Difference of opinion in regard to local educational policies is far preferable to indifference. When it is accompanied by bitterness and rancor, it results in distorted opinions governed by passion rather than by reason, and creates unfortunate tension and insecurity in the minds of children; but when accompanied by good-will, even strong differences may contribute to a well-rounded and balanced course of action.

Last year Epsom maintained five schools, including four classified and one mixed. There were 121 different pupils registered, including 9 previously registered elsewhere and 51 boys and 61 girls not previously registered this year. The school year consisted of 37 weeks, with the schools actually in session an average of 350 half-days making an aggregate of 1750 sessions. Half-days lost averaged 20 and totalled 100. The aggregate attendance was 37,897 and the aggregate absence 1,959. The number of pupils in each grade, with the average age September 1, in years and months was as follows: 9 first 6-1, 15 second 7-6, 13 third 8-9, 18 fourth 10-5, 15 fifth 10-8,

14 sixth 12-1, 14 seventh 12-1, 14 eighth 14-2. 103 pupils were promoted and 11 not promoted. Twenty-two pupils were between the ages of 5 and 8, eighty-one 8-14, and nine 14-16. The average attendance was 108.25, average absence 5.49, and average membership 113.74. The percent of attendance was 95.17. There were 76 cases of tardiness; but 12 pupils were not absent nor tardy during the year. Twelve meetings were held by the School Board. Ninety-three visits to the schools were made by the Superintendent and School Board, and 262 by citizens. Our teachers were all graduates of Normal or Training schools and had had an average experience of six and two-thirds years, including four and two-fifths in the district.

The examination of the School Nurse, Miss Adonia Douillette, showed most of the pupils growing normally. However, the following defects were noted: 10 per cent underweight 27, defective vision 9, nervous condition 1, defective teeth 75, diseased tonsils 10, enlarged glands 4. Twenty-five cases of communicable disease were recorded during the year. The nurse accompanied children to seven clinics, including three for the eye, two for teeth, and two for the throat. Six of these were out of town, necessitating considerable extra travel on the part of the nurse. Fifty-six children in all were treated at these various clinics. An untold amount of future suffering, misery, and expense was doubtless saved by these health measures. The Federal Child Health Recovery and the Red Cross cooperated with the local authorities in these activities. Federal agencies also made possible the distribution of milk in the schools where it would do the most good. In speaking of organizations cooperating for the health and welfare of the children, mention should

be made of the Community Club for installing electric lights at Short Falls and New Rye and the Parent-Teacher Association for continued interest at Gossville and the Center.

The School District has long carried out the sound budgetary procedure contemplated by the optional Municipal Budget Act. Early in February an estimate of income and of expense for the support of schools and other statutory obligations of the district for the following year beginning July 1st is drawn up by the School Board for submission to the District Meeting as the basis of school appropriations. Annually in October, on a basis of more exact knowledge of expenses for the current year, the Board submits a detailed Budget to the State Board of Education, as a basis of the state-aid allotment for the following year. This Budget must be followed except in case of necessary changes allowed by the State Board. Any balance not needed is listed under expected income in the estimate of the following year to reduce the amount to be raised at the district meeting.

Total **current costs per \$1,000 of equalized valuation** last year in Epsom were the lowest of the seven towns under my supervision, amounting to \$8.28, distributed as follows: Elementary \$6.05, High School \$1.61, Other Current \$.62. The elementary current costs were provided for as follows: Local Revenues \$5.58, State Aid \$.47. While the median **Per Pupil Costs** of public elementary schools in New Hampshire last year, (compared with the previous year) increased by \$4.47, the same per pupil costs for Epsom **decreased** \$1.51, so that they amounted to \$64.33, or 16 per cent less than the median of the state. In regard to High School costs, it is Epsom's present policy to pay only the legal liability for tuition, amount-

ing this year to a maximum of \$75.19 per pupil, whereas the actual tuition charged ranges in many high schools as high as \$100.

Under the present organization of the schools, all Epsom pupils are receiving the benefit of classified schools, with a maximum of four grades under any one teacher. Under this arrangement, the teacher can give just twice as much time to each grade as she could in a school with eight grades. Moreover, parents everywhere testify that their children are much more interested in their work when they can be in a good-sized group, rather than being alone or in a very small group. The slightly increased cost of this system will be more than offset by the additional state aid which the state is glad to grant, now that educational advantages have been improved and extended equally to all the children of the district.

The one thing that I would recommend at this time for the material improvement of the school plant and also for the physical and moral welfare of the pupils would be that the toilets at Short Falls and Center Hill should be changed so as to provide entrances from the school-rooms as at Gossville and partly at New Rye.

I thank the people of Epsom for their cordiality and hope that we can all work together harmoniously for the welfare of the coming citizens of the community.

Respectfully submitted,

CHESTER W. DOE,

Superintendent of Schools.

## REPORT OF THE EPSOM VOLUNTEER FIRE DEPARTMENT

—o—

**Year Ending January 31, 1936.**

I herewith submit the following report of the Epsom Volunteer Fire Department. This report has largely to do with the organization, having a membership of 48 men. The meetings of the department are held once each month at the Town Hall with a good attendance. The department has progressed rapidly during the past year with no expense to the town. We have earned our money by the efforts of the men in having entertainments, concessions, also by raffling off gifts donated by interested townspeople. Our members are assessed \$1.20 per year, fifty cents of which goes into the State Firemen's Relief Association. To prove our ability and effort, the fire truck is ready at all times for service and inspection, this work being done by the different members of the department under the direction of the deputy chiefs. We appreciate the cooperation of the Telephone Company in making the necessary calls. We stand ready at all times to help, no matter how small the fire may be.

We do not assume the responsibility of the original cost of the truck and most of its equipment, but we have purchased the following equipment during this year:

3 Coats	\$22.96
Crow bars, axes, ropes, etc.	20.90
Foot valve	7.24
150 feet $\frac{3}{4}$ inch hose	66.23
100 feet $2\frac{1}{2}$ inch hose and 100 feet $1\frac{1}{2}$ inch hose	185.00
Y connection	22.64

We have answered 11 chimney fire calls, also saving serious damage on two other occasions. The truck has responded to three forest fires.

Respectfully submitted,

CLARENCE E. BARTLETT, Chief.
